- Baterie detasabila, Li-Ion 6600mAh, vedere de sus:

02

Puneti capacul la loc

Buton on/off

2. Apasati tasta  de pe telecomanda pentru a deschide umbrela.

Umbrela, telecomanda, incarcator auto, husa.

Pentru a încărca acumulatorul umbrelei, folosiți adaptorul auto inclus în pachet. Când încărcați acumulatorul, opriți umbrela (butonul pe poziția Off). Ledul de stare devine roșu și clipește. Când acumulatorul este complet încărcat, ledul devine albastru.

1. Curatati cupola masinii inainte de a instala umbrela.
2. Inainte de a deschide umbrela, verificati cele 6 curele de tensionare sa nu fie incurcate.
3. Dupa ce ati instalat si deschis umbrela, apasati butonul Off pentru a nu consuma energie.
4. De asemenea, cand nu folositi umbrela, puneti butonul pe pozitia Off.
5. Fixati si adaptati lungimea celor 6 curele de tensionare pe rand si pe diagonală pentru a evita rasturnarea umbrelei.
6. Daca doriti sa deschideti sau sa inchideti umbrela, dar nu aveti la indemana telecomanda, puteti folosi butoanele de pe baza umbrelei.
6. Daca doriti sa deschideti sau sa inchideti umbrela, dar bateria este descarcata, conectati adaptorul de alimentare auto timp de cel puțin 2 minute, dupa care puteti actiona umbrela din telecomanda.
7. Dupa instalarea umbrelei, puteti scoate acumulatorul, daca va este teama ca ar putea fi furat.
8. In caz de defectiune, puteti inchide umbrela manual, desfacand-o mai intai de pe pe baza.
9. Nu recomandam folosirea umbrelei in zilele cu vant foarte puternic.

- Dimensiune produs desfacut: 4600 x 2300 mm
- Greutate: 5.5 kg
- Culoare: gri
- Material: panza tip Oxford rezistenta la apa si la UV si structura din fibra de sticla
- Putere motor: 12V
- Consum maxim: 2.5A
- Tip baterie: Litiu-Ion 18650 (pentru umbrela) / Litiu CR2016 (pentru telecomanda)
- Tensiune baterie: 12V
- Capacitate baterie: 6600mAh (2200mAh x 3)
- Curent maxim: 5A

[illegible]

DURATA GARANȚIEI:
 Produsele incluse în acest certificat pe baza denumirii comerciale și a numărului unit de serie S/N, beneficiază de o garanție comercială după cum urmează:
 Perioada de garanție pentru persoane fizice este de 24 luni de la data livrării pentru defecte de fabricație și de material.
 Perioada de garanție pentru persoane juridice este de 12 luni de la data livrării pentru defecte de fabricație și de material.
 Căminale, adaptatoare, consumabile, baterii, acumulatori, alimentatoare, transformatoare, microfonuri, câștite, antene care sunt produse sau produse care se livrează împreună cu acestea au garanție comercială de 6 luni de la data vânzării produsului către consumator final. Termenul de garanție se calculează de la data utilizării fiecărui produs în parte. Durata mediei de utilizare a produsului este de 48 luni cu condiția respectării instrucțiunilor de montaj și funcționare care însoțesc produsul.

Consumatorul trebuie să informeze vânzătorul despre lipsa de conformitate în termen de 2 luni de la data la care a constat-o. Până la proba contrară, lipsa de conformitate apărută în termen de 6 luni de la livrarea produsului se prezumă că a existat la momentul livrării acestuia, cu excepția cazurilor în care preuzenta este incompatibilă cu natura produsului sau a lipsei de conformitate.

În cazul în care defectul produsului apare prima dată în termen de 6 luni de la data achiziționării, pentru că neconformitatea nu se mai prezintă, dovada existenței acesteia cade în sarcina consumatorului.

În cazul lipsei conformității, consumatorul are dreptul de a solicita vânzătorului, ca măsură reparatorie, în această ordine: repararea produsului, înlocuirea produsului fără plată – extinderea stăruințe în care solicitarea este imposibilă sau disproporționată – sau restituirea contravaloarei produsului, în conformitate cu prevederile legale și fără nici un cost suplimentar pentru consumator. Restituirea contravaloarei produsului se face la valoarea stabilită în contract. Furnizorii are aceleși obligații pentru produsul livrat cu și pentru produsul vândut integral.

Consumatorul nu poate considera că lipsa de conformitate cadă în momentul încheierii contractului de vânzare-cumpărare consumatorului a cunoscut sau nu putea, în mod rezonabil, să nu cunoască această lipsă de conformitate.

În cazul unor vicii ascunse apărute în cadrul duratei medii de utilizare, consumatorul are dreptul de a pretinde remedierea sau înlocuirea produselor care nu pot fi folosite în scopul pentru care au fost realizate.

Expedierea produselor către service se face doar după obținerea unui număr RMA în urma completării de către client a formularului RMA de la adresa <http://rma.pni.ro> și numai prin curierul agreat de furnizor. Pentru a putea beneficia de garanție, produsul trebuie prezentat însoțit de certificat de garanție, factura de achiziție sau bonul fiscal și toate accesoriile cu care s-a livrat, iar pe colet trebuie trecut numărul RMA primit de la furnizor.

4. Installing the battery

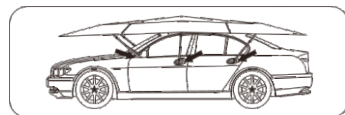

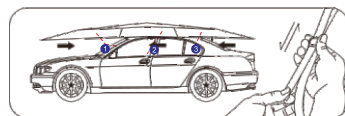

Warning: Follow the correct battery installation direction, otherwise the product will not work.

Normally, the battery is charged in about 2-3 hours.
Standby operation: about 30-40 days.
If you do not use the product, turn off the power to save energy.

5. Installing the umbrella

Note: For more stability, clean the suction cup and the surface of the car dome where you are going to install the umbrella.

6. Package contents

Umbrella, remote control, car charger, cover.

1. Place the umbrella on a flat area on the dome of the car. Pull the anti-theft belt 4 inside the car. Pull the handle and secure the suction cup. Then press the ON button.

2. Press the key 5 on the remote control to open the umbrella.

3. As shown in the picture, fix the windproof belts in position and adjust their length.

4. Press the OFF button on the base umbrella to save energy.

Power the umbrella

To charge the umbrella battery, use the car adapter included in the package. When the battery is charging, turn off the umbrella (power switch on Off position). The status LED turns red and blinks. When the battery is fully charged, the LED turns blue.

Warnings

1. Clean the car dome before installing the umbrella.
2. Before opening the umbrella, check that the 6 windproof belts are not tangled.
3. After installing and opening the umbrella, press the Off button to avoid power consumption. Also, when you're not using the umbrella, turn power switch on Off position.
4. Fix and adjust the length of the 6 windproof belts one by one and diagonally to avoid overturning the umbrella.
5. If you want to open or close the umbrella, but do not have the remote control at hand, you can use the buttons on the base of the umbrella.
6. If you want to open or close the umbrella, but the battery is low, connect car power adapter for at least 2 minutes, afterwards you can operate the umbrella from the remote control.
7. After installing the umbrella, you can remove the battery if you are afraid that it could be stolen.
8. In case of failure, you can close the umbrella manually, first removing it from the base.
9. We do not recommend using the umbrella on very windy days.

Technical specifications

- Unfolded product size: 4600 x 2300 mm
- Weight: 5.5 kg
- Color: gray
- Material: water-resistant and UV-resistant Oxford cloth and fiberglass structure
- Motor power: 12V
- Maximum consumption: 2.5A
- Battery type: Lithium-Ion 18650 (for umbrella) / Lithium CR2016 (for remote control)
- Battery voltage: 12V
- Battery capacity: 6600mAh (2200mAh x 3)
- Maximum current: 5A

Simplified EU declaration of conformity
SC ONLINESHOP SRL declares that **PNI SilverShade One car umbrella** is in accordance with RED Directive 2014/53/EU and ROHS 2011/65/EU Directive. The full text of the EU Declaration of Conformity is available at the following internet address:

Warranty certificate

WARRANTY DURATION:
The products identified in this certificate on the basis of the trade name and the unique serial number S / N, benefit from a commercial guarantee as follows:
The warranty period for individuals is 24 months from the date of delivery for manufacturing and material defects.
The warranty period for legal entities is 12 months from the date of delivery for manufacturing and material defects.
Cables, adapters, consumables, batteries, accumulators, power supplies, transformers, microphones, headphones, antennas that are part of the products or are delivered with them have a commercial warranty of 6 months from the date of sale of the product to the final consumer. The warranty period is calculated from the date of invoicing of each product. The average duration of use of the product is 48 months provided that the installation and operating instructions that accompany the product are followed.

WARRANTY CONDITIONS:
In accordance with the legal guarantee, the seller is liable to the consumer for any lack of conformity existing at the time the products were delivered.

The consumer must inform the seller of the lack of conformity within 2 months from the date on which he found it. Until proven otherwise, the lack of conformity within 6 months of delivery of the product is presumed to have existed at the time of delivery, unless the presumption is incompatible with the nature of the product or the lack of conformity.
Following the defect of the product after the first 6 months from the date of purchase, because the non-conformity is no longer presumed, the proof of its existence falls on the consumer.

In case of non-compliance, the consumer has the right to request from the seller, as a remedial measure, in this order: repair of the product, replacement of the product free of charge - unless the request is impossible or disproportionate - or refund of the product, in accordance with legal provisions; at no additional cost to the buyer. The refund of the value of the product is made at the value established in the contract. The supplier has the same obligations for the replaced product as for the product originally sold.

Non-compliance is not considered to have occurred if at the time of concluding the sale-purchase contract the consumer was aware or could not reasonably have been unaware of this non-compliance.

In the event of hidden defects occurring during the average duration of use, the consumer has the right to claim remediation or replacement of products that cannot be used for the purpose for which they were made.

WARRANTY REPAIRS:
The term for remedying deficiencies in products is a maximum of 15 days from their receipt in service. The downtime shall extend the warranty period accordingly and run from the time the product is registered in the service unit until the date the product is brought into conformity by repair or replacement with a compliant product.

The assurance of the guarantee is made at the work point of the supplier located in Piatra Neamt, str. Otteniel, no. 26A.
The shipping of the products to the service is done only after obtaining an RMA number following the completion by the customer of the RMA form from the address <http://rma.pni.ro> and only through the courier agreed by the supplier. In order to benefit from the guarantee, the product must be presented accompanied by the guarantee certificate, the purchase invoice or the tax receipt and all the accessories with which it was delivered, and the RMA number received from the supplier must be written on the package.

LOSS OF WARRANTY:
The following situations cause the product to be removed from the warranty:

- Lack of intact labels or warranty seals;
 - Unauthorized interventions including repairs performed by persons or companies not authorized by the manufacturer;
 - Failure by the buyer to comply with the conditions of handling, transport, storage, installation, commissioning, use and maintenance provided in the documentation accompanying the product or in conditions that contravene technical standards in Romania;
 - Thermal, mechanical and plastic damage to the products due to shocks, exposure to heat sources, fire, accidents, vibrations, weather or negligence in use;
 - Use of batteries, power supplies or accessories other than those approved by the manufacturer;
 - The product shows traces of food, contact with liquid of any kind (water, solvents, oils, paints, acids, etc.) and this contact is proven by traces of oxidation or the presence of liquids on any surface of the product;
 - Use for purposes other than those for which it was designed (the products are intended for domestic use only);
- The seller is not responsible for any compatibility issues with accessories purchased from other companies. We also do not assume any responsibility for subassemblies that are used on systems that do not meet the manufacturer's specifications in terms of performance. Our company does not assume responsibility for data loss, photos, videos, software that may occur due to malfunctions, so we insist on the need to back up any important data when requesting warranty for a product allegedly defective. The commercial guarantee does not affect the consumer's rights provided by the applicable legislation in force, namely Law 449/2003 on the sale of products and their associated guarantees with subsequent amendments and completions, OG 21/1992 on consumer protection with subsequent amendments and completions, Law 296/2004 on the code consumption with subsequent amendments and completions. This item is not to be disposed of, it must be handed over to an authorized WEEE collection center.
